

HEALTH SAFETY & ENVIRONMENTAL POLICY

In order to protect its employees' Health Safety and Environmental until each project is completed, including the preparation and implementation stages of each project, **ORION PARTNERS CONSTRUCTION LLC** applies an occupational health safety policy consisting of the basic principles described below:

- giving priority to occupational health and safety for each work to be performed;
- improving the OHS conditions on a continuous basis;
- taking all OHS measures on time;
- giving priority to collective protection measures in determining and applying said measures;
- giving priority to notify and teach collective protection measures to employees;
- taking into account suggestions and ideas made and developed by employees;
- ensuring attendance, exchange of views and cooperation between the management and the employees about OHS;
- and sufficiently briefing all employees at all levels (including top management executives) and visitors involved in each project about the responsibilities falling on them under this OHS policy.

All the works to be carried out in the construction of projects will be carried out in a manner that is not in violation of the relevant environmental laws, local and ISO 14001:2015 Environmental Management System and ISO 45001:2018 Health and Safety Management international standard.

Project Environmental Objectives

Company Environmental policy in the construction of Construction Projects will be realized through the following objectives.

- Minimizing the production of hazardous waste and treating all wastes considering environmental safety by implementing the goal "Zero Waste"
- Taking urgent preventive measures to prevent the spread of leaks and spills and to prevent spills that may occur in the event of an accident.
- Ensuring that the environment is restored at the end of the work in accordance with contractual commitments and mandatory legal requirements.
- Encouraging the reuse and recycling of materials.
